HOT WATER CIRCULATING PUMP

Waiting for Hot Water. It's a common problem: turn on the faucet or shower for hot water, then wait for it to arrive. In fact, the wait can be minutes in larger homes with multiple bath rooms and long runs of pipe between the plumbing fixtures and the water heater! With our Domestic Hot Water Recirculating System in place, there's no more wait. Instant hot water! Mars solar aqua 360 supply hot water circulation pump is to ensure that hot water is always available as close to the consumption point as possible, in order to reduce cold water wastage and to increase comfort of living.

HOT WATER CIRCULATING PUMP
