

## MINERAL WATER PLANT

As you know that now a days, lots of diseases are occurring because of impure water, if people don't drink pure water they can't keep balance of their health. Pure water is very important for everyone from younger one to elder one. For that we can consider our proverb "Prevention is better than cure." In today's time, you know that hardness level and T.D.S in water increases day by day which affects the health of person. So, awareness to drink pure water increases day by day in public. People incur lots of rupees to avail the mineral water. So for that much big popularities are jumping into this business to avail the facility of pure water even to normal person and they are earning more profit by this. It is proven very prominent business globally and very fast moving and profit making business.

The following inspections will be done during the project.

- After fabrication of the unit
- At the time of assembling of the unit.
- While fitting of sealed pack Membrane
- Inspection of fully assembled plant.

MARS SOLAR AQUA 360 PVT LTD offers maximum flexibility to meet diverse requirements of the customer. Our custom designed project will help customers gain the maximum advantage by helping to make the right selection. It gives the right solution, and reduced the investment cost. The production range starts from 500 LPH (Liter per hour) to 50,000 LPH for 400 TDS to 3,000 TDS.

We design and manufacture the Mineral Water Plant according to,

- Surface Water.
- Bore Well Water.
- Ro Permeate.

## SALIENT FEATURES

- Produce high quality mineral water
- Reverse Osmosis Pretreatment available in SS/FRP
- TDS rejection up to 95-99%
- High efficient UV disinfectant and Ozonation for best quality of Mineral Water
- Low operation and maintenance cost
- Highly Efficient and Modular Design

## MINERAL WATER PROJECT SPECIFICATIONS

The demand for mineral water is increasing at a rapid rate, as people become more health conscious and take precautions against water borne diseases. Bottled mineral water provides easy transportability and assured water quality.

With intention to offer the best quality of mineral water, we design and install turnkey system of mineral water plants incorporating the equipment & components. We offer a single convenient source for all system accessories, including pretreatment, filtration, Disinfection and packing of water.

## THE PROJECT INVOLVES WITH FOLLOWING MACHINERIES

- MINERAL WATER PLANT.
- POUCH PACKING MACHINE.
- PET BLOWING MACHINE.
- BOTTLE FILLING MACHINE.
- BATCH AND DATE CODING MACHINE.
- JAR WASHING MACHINE.
- JAR FILLING MACHINE.
- GLASS FILLING AND PACKING MACHINE.
